2 美食之都

豐富、平價又美味的臺南小吃說是臺灣一絕也不為過，曾被全球知名旅遊評鑑米其林綠色指南（Michelin Green Guide）列為推薦美食。不論是新鮮清甜的牛肉湯、撒上魚鬆和肉燥的米糕，或者是充滿米香氣的碗粿等，這些在地特有主食與古早味小吃是臺灣飲食文化的根源，也承載了臺南三百多年的歷史記憶。

2 Culinary Capital : A Foodie's Paradise

Rich, affordable, and delicious street food of Tainan is truly a gem in Taiwan. They have been listed as recommended delicacies by the Michelin Green Guide, a world-renowned travel evaluation. Whether it's the fresh, savoury beef soup, sticky rice (migao) topped with fish floss and minced pork, or the fragrant bowl of steamed rice bowl cake (wanguo), these local staples and nostalgic snacks form the cornerstone of Taiwan's culinary culture, carrying with them over three centuries of Tainan's historical memory.

走進古都臺南，像是踏入一處活歷史，作為臺灣第一處發展的城市，當然也是民生發展的源頭，你能走進全臺首學，驚嘆發揚臺灣教育之地；踏入各大廟宇，探看古今信仰的傳承；漫遊古蹟運河，見證文明故事更迭。在臺南，隨意轉個彎，便與年代久遠的廟宇與古蹟相遇，細數百年的舊城軼事。

3 Heritage culture and Folk Crafts

Stepping into the ancient city of Tainan is like journeying into a living history book. As the first developed city in Taiwan, it is also the source of development of people's livelihood. You can explore the very first school established on the island, marvel at the place where Taiwan's education is promoted. Wander through the grand temples, where ancient and modern faiths intersect and evolve. Stroll along the historic canals and witness the passage of time and find yourself immersed in the ebb and flow of civilization's stories. In Tainan, every turn may lead you to encounter centuries-old temples and historical landmarks, each with its own tale to tell.

是南臺灣現存最早的百貨公司，當時一至四樓為賣場，四樓部分與五樓為餐廳，所設置的電梯是當時臺南建築的新創舉，更是老臺南人們特有的回憶。

現經整建修復後成為文創商品、復古舊貨的百貨賣場，保留當時的建築特色和歷史印記，是極具臺南特色與歷史的景點。

Hayashi Department Store, the oldest surviving department store in southern Taiwan, originally featured four floors for shopping and a restaurant on the fifth floor. The installation of an elevator was a pioneering architectural move at the time, now cherished as a special memory by Tainan locals.

Today, after extensive restoration, it has been transformed into a department store specializing in cultural and creative products as well as vintage goods, maintaining its original architectural charm and historical significance. It's a must-visit, offering a glimpse into Tainan's rich heritage.

4 Roaming City Museums : Where History Comes Alive

Tainan, as an ancient cultural capital, possesses 400 years of historical vitality. Wandering in the city, one can immerse themselves in the deep, profound historical narratives and transitions. It begins with the prehistoric culture of ancient human skulls in Zuozhen, leading to human civilization in the Neolithic Age. During the Age of Discovery, Tainan's history intertwined with that of the Dutch and Ming-Zheng. As the ancestors crossed the Taiwan Strait to cultivate Tainan, they brought along distinct Fujian coastal customs and dietary habits. Tainan, serving as the hub and node for global economic and cultural exchanges from the 17th to the 19th century, bequeathed this city with a legacy of remarkably rich historical imprints. From the modern water conservancy infrastructure of Taiwan's daily life during the Japanese colonial era to the history of the air force and the culture of military dependents' villages after the war, in recent years, Tainan has been vigorously cultivating and enriching its urban domain. The city now offers a wealth of attractions and multi-faceted themes, bringing Tainan a vivid and dynamic new visage.

臺南市立圖書館新總館為地下 2 層、地上 6 層建築物，在 2021 年正式開幕，由臺、荷建築師團隊共同打造，採銀級綠建築標準。倒立階梯式立面設計，是大樹意象的展現，由下而上逐層向外出挑，創造出大量遮陰空間；最上層立面格柵的圖騰，取材自臺南老屋窗花紋樣，以現代材料展現舊時代的記憶，連結臺南的歷史與展望。

The Tainan City Public Library is a 6-story building with 2 basement levels. It officially opened in 2021 and was collaboratively designed by Taiwanese and Dutch architects, meeting Silver-level green building standards. The unique facade, resembling an upside-down staircase, draws inspiration from the banyan tree, extending outward layer by layer, providing ample shaded areas. The patterns on the top floor's lattice are reminiscent of the window decorations seen in old Tainan houses, using modern materials to evoke a sense of days gone by, bridging Tainan's history with its future.

明智選擇：合法？非法？

Which is a sensible choice: Working legally or working illegally?

一．在臺聘僱期間內合法工作，將會有什麼好處？

移工如能合法在臺工作，除可獲得應有之薪資所得外，並可享有相關勞動權益的合理保障。如您聘僱許可期間無違反我國法令規定情事而因聘僱關係終止或聘僱許可期間屆滿出國，或因健康檢查不合格經返國治療再檢查合格者，

得申請入國簽證再來臺工作，但您在臺灣境內工作期間，累計不得逾 12 年。但外籍家庭看護工，符合一定資格、條件者，得延長工作期限至 14 年。

1. What are the advantages of working legally in Taiwan?

Migrant workers who work legally in Taiwan are entitled to legitimate protection of relevant labor rights in addition to the salary income they deserve. If you do not violate any laws and regulations of Taiwan during the period of employment and leave Taiwan simply because of the termination of employment or the expiration of the period of employment, or if you initially fail to pass the medical examination and pass the said checkup later after returning to your native country for treatment, you are then eligible to apply for a visa to work in Taiwan once again, but your cumulative employment period in Taiwan shall not exceed 12 years. However, foreign home care workers who meet certain qualifications and conditions may extend their work period to 14 years.

二. 如在臺聘僱期間內發生行蹤不明，將會有什麼後果？

依我國「就業服務法」第 73 條及第 74 條規定，移工發生連續曠職 3 日失去聯繫者，將被廢止聘僱許可，並限令出國，不得再於臺灣境內工作；且移工於行蹤不明期間如非法工作者，將被處以新臺幣 3 萬元以上 15 萬元以下罰鍰，意即行蹤不明之移工將隨時有可能被追緝並遣送出國，並不得再以任何理由來臺工作。

2. What will happen if you run away from your legal employer during the period of employment in Taiwan?

In accordance with Articles 73 and 74 of the Employment Services Act, a migrant worker who is absent from work without any permission or valid reason and unreachable for 3 consecutive days shall be dismissed from employment and ordered to leave the country, and the said individual shall not be allowed to work in Taiwan again; moreover, if a migrant worker works illegally while he/she is reported as missing, he/she shall be liable to a fine of between NT\$30,000 and NT\$150,000, that is, a runaway migrant worker will be arrested and deported at any time, and he/she shall not be allowed to work in Taiwan again for any reason.

三. 如發生行蹤不明情形，該怎麼處理？

您在臺工作如有權益遭受違法侵害之疑慮，請您善加利用勞動部提供之管道尋求協助；如變相以行蹤不明之非法身份潛藏在社會角落打工，容易受到非法雇主或非法仲介操控，遭受不當利用、剝削和欺壓，無論在醫療、生活或工作等都沒有保障，受傷或病痛時，也缺乏勞、健保的保障，無法透過正常管道就醫，受迫時難以保障自我基本人權：呼籲您，如發生行蹤不明之情形，請主動聯繫下列單位以協助投案：

3. What can you do if you are reported as missing?

1. If you have any concerns about any violation of your rights and interests during your work in Taiwan, please use the channels provided by the Ministry of Labor to seek assistance. If you opt to run away and work illegally, you are highly likely to be controlled by an illegal employer or broker who may take advantage of you and you are at risk of suffering from exploitation and maltreatment. Besides, you will have no protection at all in medical care, life or work. When you are injured or sick, you are not covered by Labor Insurance and National Health Insurance program and seeing a doctor normally will be impossible. It will be difficult for you to protect your basic human rights when meeting with adversities. If you are reported as missing, the sincerely urges you to voluntarily contact the following government units and turn yourself in:

販售仿冒品

Sell counterfeit goods is illegal

當心惹禍上身

印尼籍女移工阿蜜(女)來臺灣工作多年，遠在印尼的老公阿里因為想念她，也來臺灣工作與阿蜜同居，還生了可愛的女兒小莉，但家裡開銷也越來越大，阿蜜靈機一動，看到很多同鄉的好朋友都喜歡用名牌商品，就上網向中國淘*網進貨仿冒 CHANEL 香奈兒香水、CASIO 卡西歐手錶、ADIDAS 愛迪達運動服等仿冒品，再利用個人臉書、LINE 社群方式販售給在臺灣同鄉。

但在臺灣販售仿冒品是違法的，因此警察找上阿蜜，到家中搜索查獲大批仿冒品香水、手錶等共 400 多件，侵權市值約 200 萬元。

Police searched Indonesian migrant workers selling counterfeit goods and found that a woman named Ami, an Indonesian migrant worker, had come to Taiwan many years ago to work. Her husband Ali, far away in Indonesia, also came to Taiwan to work alongside Ami because he missed her. They lived together and gave birth to a daughter called Xiaoli, who was lovely but also increased family expenses. One day, Ami got a hunch: she knew that many good friends, who were also from Indonesia, were fond of brand-name products. So, she went online to purchase counterfeit CHANEL perfumes from the Chinese online platform Tao*, where counterfeit goods such as CASIO watches, ADIDAS sportswear, etc., were sold. She then resold those items through her personal Facebook account and LINE groups to fellow Indonesians in Taiwan.

However, in Taiwan it is illegal to sell counterfeit products. So, the police tracked down Ami and searched her home where they found many counterfeit perfumes, watches, etc., over 400 items in total, with an infringing market value of about NT\$ 2 million.

小叮嚀：

最近，常發現移工在臺為了賺錢，會進口仿冒品來賣給在臺同鄉的人，在臺灣販售仿冒品將違反商標法規定，要面對 1 年以下有期徒刑、新臺幣 5 萬元以下罰金，還要支付大筆賠償金。

Gentle reminder:

Recently it has been found that migrant workers in Taiwan in need of money import counterfeit goods and sell them to people in Taiwan. Selling counterfeit goods in Taiwan is a violation of the Trademark Act and can be penalized by fixed-term imprisonment of up to a year, a fine of up to NT\$ 50,000, and a large sum of compensation to be paid.

法條：

商標法第 97 條「明知為未經授權商品而販賣，或意圖販賣而持有、陳列、輸出或輸入者，處一年以下有期徒刑、拘役或科或併科新臺幣五萬元以下罰金；透過電子媒體或網路方式為之者，亦同。」

Related law:

Article 97 of the Trademark Act Article 97: "Any person who knowingly sells or, due to an intent to sell, possesses, displays, exports, or imports another person's goods referred to in the preceding two articles shall be liable to imprisonment for a period not exceeding one year and/or a fine not exceeding NT\$50,000; same penalties shall also apply to acts performed through electronic media or the Internet."

1. 如何避免觸犯商標法？

答：正版商品才能有販售行為，如果無法確認是真品，千萬不能販售，否則可能會觸法。

1. How can I avoid violating the Trademark Act?

Answer: Only sell genuine products. If you cannot confirm they are genuine, don't sell them, as you may be violating the law.

2. 如何簡單分辨正版商品？

答：

- (1) 先確認授權 - 無法提出合法授權證明之廠商千萬別進貨。
- (2) 從價格判斷 - 進貨價明顯低於正版市價的商品，極可能為仿冒品。
- (3) 如果無法確認是真品，千萬不能販售，否則可能觸法。

2. How can I check whether products are genuine?

Answer:

- (1) First, check the license of the seller. If the manufacturer cannot show a legal authorization certificate, then don't purchase from them.
- (2) Judge from the price. Products sold for prices significantly below the original market price are very likely to be counterfeit goods.
- (3) If you cannot verify that a product is genuine, don't sell it, as you may be violating the law.

認識人口販運

Understand human trafficking

遠離剝削移工

Keep away from the exploitation of migrant workers

1. 甚麼是人口販運？

人口販運是一項現代的非法交易。受害人往往受誘騙、脅迫、非自願的被當成商品，標上價錢，在國與國之間被販運，大部份的受害人來自亞洲和東歐國家，其中又以婦女、兒童及移工居多。

1. What is human trafficking?

Human trafficking is a modern illegal transaction. The victims are often lured, coerced, unwillingly treated as merchandise, affix with a price tag and trafficked between countries, most of the victims come from Asia and Eastern European countries, with the majority being women, children and migrant workers.

2. 人口販運發生的原因為何？

因為全球化造成國際的人口移動頻繁，使得跨國人力移動現象成為常態，而經濟落後國家的人民為了養家活口，追求更好的生活，前往其他國家工作。惟部分有心人士將這些弱勢者當作商品作易，進行長期持續的剝削。人口販運主要有「性剝削」、「勞力剝削」與「器官摘除」三種類型。我國隨著移工人口增加，人口販運勞力剝削及性剝削問題在我國也逐漸浮現。

2.What are the causes of human trafficking?

Globalization caused international population to move frequently, making cross-border manpower movements become the norm, and people from economically backward countries, in order to support their families and pursue a better life, move to work in other countries. But there are some people with ulterior motives that treat these vulnerable people as commodities for trade and continue to exploit them for long periods of time. Human trafficking is mainly divided into three types: "sexual exploitation", "labor exploitation" and "organ harvesting". With the increase of migrant worker population in Taiwan, labor exploitation and sexual exploitation by human traffickers is also gradually emerging in our country.

中華民國政府提供人口販運被害人的協助有哪些？

依人口販運防制法第 17 條規定，政府對於疑似人口販運被害人或被害人提供的協助包含：

- (一) 人身安全保護。
- (二) 必要之醫療協助。
- (三) 通譯服務。
- (四) 法律協助。
- (五) 心理輔導及諮詢服務。
- (六) 於案件偵查或審理中陪同接受詢（訊）問。
- (七) 必要之經濟補助。
- (八) 其他必要之協助。

What are the assistance provided by the Government of the Republic of China to victims of trafficking in persons?

In accordance with Article 17 of Human Trafficking Prevention Act, the Government of the Republic of China provides suspected victims or victims of human trafficking with the following assistance:

1. Protection of personal safety.
2. Necessary medical assistance.
3. Interpretation assistance.
4. Legal assistance.
5. Psychological advice and counseling service.
6. Being accompanied when questioned (interrogated) throughout the investigation or trial.
7. Necessary financial assistance.
8. Other necessary assistance.

只有旅行社 才能安排旅遊和收費

1

案例1

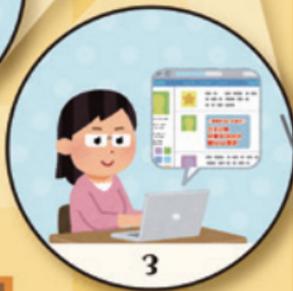

阿美是來台灣工作的移工，平常會在臉書上刊登旅遊資訊，揪不認識的同鄉一起出遊並收費，旅客加LINE聯繫後，將訂金或旅費匯至阿美個人帳戶。

阿美說：「我只是代收住宿費，車資和門票，旅費是大家分攤，沒有賺錢。」

...這樣不行嗎？

網絡上不是旅行社的人揪團出遊都是不合規的啦！
不知注意不能免除

Only registered travel agencies are allowed to arrange tours and collect related fees

Is this not allowed?

It is illegal for non-travel-service operators to solicit travel tour participants online. Being unaware of the law does not exempt you from punishment. Please do not violate the law.

不知法令不能免除處

1. What is sexual assault?

- ◎ Sexual assault is not about sex but an act of violence. It is a gross violation of human rights and a sexual act without consent.
- ◎ Simply put, any sexual contact that occurs without your consent and/or by means of physical force, coercion, threat, hypnotism and in any other way that goes against your wishes is considered sexual assault and abuse.
- ◎ In addition, as long as any part of your body is groped or fondled against your wishes by someone else and the unwelcome touching is considered lascivious, such physical contact is also considered an act of sexual assault.

2. 不幸遭受性侵害時，該怎麼辦？

- ◎保持鎮定：不要刺激對方，也不要回打，設法讓對方也冷靜下來，以免火上加油。
- ◎保護自己：尤其是頭、臉、頸、胸、腹等主要身體部分。
- ◎大聲呼救：大聲呼喊「失-火-了」，引起其他人注意。
- ◎快點避開：離開現場到一個安全的地方，找鄰居幫忙或到各地性侵害防治中心尋求協助。
- ◎去找警察：到警察局找警察處理，協助送醫或庇護中心。
- ◎牢記加害人各項特徵。
- ◎保持現場，不要移動或觸摸任何現場器物。
- ◎不要清洗身體以便採得加害人的毛髮、精液。
- ◎應該立即到醫療院所診療驗傷，以蒐集證據。

2. What should you do if you are sexually assaulted?

- ◎ Keep calm: Do not irritate the individual. Do not fight back. Try to calm the person down and avoid making the situation worse.
- ◎ Protect yourself: Especially your head, face, neck, breast, abdomen and other important parts of your body.
- ◎ Cry out for help: Shout "shihuole!" to draw attention from others.
- ◎ Leave the scene immediately: Leave the scene to a safe place. Ask a neighbor to help or seek assistance at your local sexual assault prevention center.
- ◎ Go to the police: Go to police station and ask to be taken to a hospital for medical care or a shelter.
- ◎ Keep the perpetrator's physical traits in mind.
- ◎ Keep the crime scene intact. Do not move or touch any items on the site.
- ◎ Do not wash your body so that the perpetrator's hair or sperm can be collected.
- ◎ Go to the hospital immediately to seek medical treatment and have a physical exam done to gather evidence.

Raise Awareness on Traffic Regulations and Drunk Driving

移工在下班個人時間，常與朋友聚會小酌，多數會騎自行車或電動自行車代步，加上不熟悉交通法令，以為所騎乘電動車和一般自行車一樣，酒駕不會受罰，其實部分電力與車速較高，酒駕視同一般機車，一旦酒駕，將處新臺幣 600 元以上 1200 元以下罰鍰，拒絕接受酒測處新臺幣 2,400 元罰鍰。提醒您勿酒後騎乘慢車（自行車），否則違規將遭警方取締。另外駕駛電動自行車超過 25 公里速限者，可處 900 元至 1800 元罰鍰、未戴安全帽可罰 300 元。

Migrant workers often drink with friends after work and during their spare time. The majority of them ride bicycles or electric bicycles but since they are unfamiliar with the traffic law, they consider riding electric bicycles while drunk will not be fined as riding the regular bicycles. Nonetheless the speed of some electric bicycles is higher and such riding such bicycle while drunk can be regarded as the average scooters. Riders are subject to a fine between NTD600 and NTD1200 once they drink and ride, while those refusing to take the alcohol test will be fined NTD2,400. We would like to remind you no to ride slow-moving bicycle (bicycle) while drunk or you may be violating the law and be detained by the police. Additionally, driving electric bicycles exceeding the speed limit of 25KM is subject to a fine between NTD900 and 1,800; those without wearing the safety helmet will be fined additional NTD300.

因駕駛腳踏車、電動機車或電動自行車仍都算動力車輛，酒駕或肇事都須依公共危險罪嫌移送，一旦經移送後遭到起訴或判刑，移工除了會面臨刑罰，亦同時違反《就業服務法》第 73 條第 6 項外國人不得違反我國法令情節重大之規定，必須廢止聘僱許可，且不得再入境工作。

2. Give them an opportunity to contribute, and make them feel productive and worthwhile (E.g., let them do household chores)
3. Under the safe conditions, allow them to do as much as they want with the least amount of assistance (Give them more freedom and reduce the caregiver's control)
4. Remind or guide them to do what they used to do that they don't do now (If rejected, try another method)
5. Tell them more about their familiar past and guide them to interact with others (Facilitate language ability and satisfaction of interpersonal relationships)
6. To uphold their dignity, do not treat them like a child (Compliment them more)
7. Adjust the way of care on the basis of the stage of dementia (Respect their uniqueness and adjust according to their conditions)
8. A caregiver should be more emotionally aware (Take good care of yourself, take good advantage of social resources, rest regularly, and recharge yourself)

Do not modify electric bicycles without authorization

Ben, I noticed you got a new electric bicycle do you want to modify it to make it cooler? It will go a lot faster.

No thanks. I saw an advisory saying modifying electric bicycles is illegal.

You can get fined by the police and they make you change everything back. Also, modifications can cause the battery to overheat resulting in fire and is extremely dangerous.

Any unauthorized modification of an electric bicycle, whether adding, removing or altering electronic control components or factory settings, will result in offenders being fined NT\$1,800-NT\$5,400, and being required to restore the original specifications.

國際包裹防詐騙宣導

提醒重點

POINT 01

海關徵收稅金一定會開立稅單

稅單上有稅單號碼或報單號碼，海關不會以轉入私人帳戶、刷卡或比特幣等方式收取稅款！

有疑問時，請收款方出具稅單紙本或提供稅單號碼、報單號碼後，**電洽各地海關：**

基隆關：02-2420-2951 臺北關：03-383-4265
臺中關：04-2656-5101 高雄關：07-561-3251

POINT 02

包裹在完成通關流程後 才會核發稅單

若是報關資格不符、文件不齊，海關不可能預先收取稅金。

例如，價值美金5000元以上的包裹必須正式報關，在完成通關前不會產生稅單，也不會通知繳稅。

若是您被告知即將收到價值美金5000元以上的包裹並須收取稅金，**但您未曾進行過正式報關，這樣幾乎能肯定是遇到詐騙集團了。**

POINT 03

以國際快遞寄送的包裹

若包裹價值台幣5萬元以下，且包裹內容物不涉及輸入規定(管制輸入或須經核可才能輸入)

International Parcel Anti-Fraud Advocacy

Specially Mentioned

POINT 01 **The Customs will usually issue a tax bill for tax collection.**

The serial number or the customs declaration number will be printed on the tax bill. The Customs will not collect tax through a personal bank account, by credit card charge or Bitcoin.

Should you have any query, ask the receiving side to present the tax bill in hard copy, or the serial number or quotation number of the bill and contact the offices of the Customs in the district:

Keelung Customs Office: 02-2420-2951 Taipei Customs Office: 03-383-4265
Taichung Customs Office: 04-2656-5101 Kaohsiung Customs Office: 07-561-3251

POINT 02 **Tax bill on parcels will be issued only after customs clearance.**

If the parcel in point is not eligible for customs clearance or not all the required documents are in place, the Customs will not collect tax in advance.

For example: parcels at the value of US\$5,000 or above must be officially declared. No tax bill will be generated before customs clearance. You will not be notified to pay tax. If you are told a parcel at the value of US\$5,000 or higher will be delivered to you and tax will be collected, but you have not yet officially declared with the Customs, you are highly likely be the target in the scam of the the fraud gang.

POINT 03 **Parcels delivered via intentional courier service**

Parcels at the value of NT\$50,000 or less and the content of which is not subject to import control

(restricted for import or an import permit is required)

後疫情時代 新型態詐騙方式 你不可不知!

! 假網路拍賣(購物)、解除分期付款詐欺(ATM)

因疫情期間電子網購需求升高，犯嫌藉網購進行詐騙，引導民眾以解除分期付款為由，將大量現金轉出，或用假的網站盜取個資等等。網路購物時請保持警覺，勿聽從任意電話操作ATM，也勿於不明網站輸入個資。

! 利用社群網站及網路密集廣告的投資詐欺

投資詐欺藉由金融證券、境外基金、虛擬貨幣或博奕等名義，在社群網站(如Meta臉書)、交友軟體(網站)、通訊軟體(如LINE)。

或網路廣告等管道散布投資資訊，吸引民眾加入特定理財群組後，再鼓吹至假投資網站、虛擬通貨交易平臺進行投資，當被害人投入大量金錢欲出金時，卻要求再匯入保證金，甚至惡性關閉網站或無故失去聯繫，導致民眾血本無歸。

Post-pandemic New scams that you must know!

Online auction scam (shopping) and cancellation of installment payment scam (ATM)

Due to the escalated demand for online shopping during the pandemic, scammers deceive people into canceling their installment payment plans in order to steal a significant amount of cash; or steal personal and other information through fake websites. Do be vigilant during online shopping. Do not trust random phone calls to do transactions at ATMs. Also, do not provide your personal information to unknown websites.

Investment scams on social media platforms and numerous online advertisements

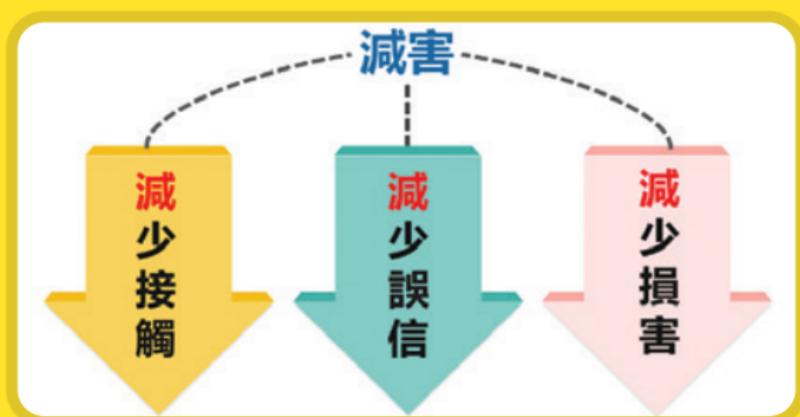

In the guise of security, offshore funds, cryptocurrency, or gambling, scammers distribute investment information via channels like social media platforms (such as Meta's Facebook), dating apps (websites), communication apps (such as LINE), or online advertisements to lure people into designed financial chat groups and persuade them to invest on fake investment websites or cryptocurrency trading platforms. Victims are asked to pay a deposit when they are about to withdraw funds after substantial investments. Scammers will maliciously shut down the website or become unresponsive, leaving victims in immense financial loss.

! 假求職結合囚禁人頭帳戶當事人

以求職機會騙取當事人證件或金融帳戶，甚至於去年發生囚禁當事人的個案。

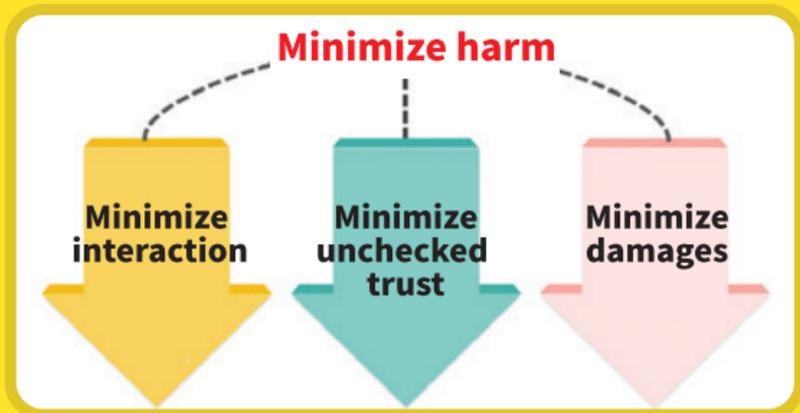

犯嫌以簽約或給付報酬為由，引導被害人至旅館或租屋處，集中拘禁私宅管理、控制測試存摺帳號，以提升金融帳戶之存活時間及匯入贓款額度，並利用被害人兼作車手提款，減少犯罪集團之成本。

Employment scam and captivity of the dummy account holder

Deceiving job seekers to obtain their identity documents or bank accounts. There was a case last year that a job seeker was confined. Scammers use excuses like signing contracts or paying remuneration to lure victims to a hotel or a rented house, where they will be centrally confined. Scammers control and test their savings accounts to extend the lifespan of the bank account and the capacity to receive illegal funds. Besides, they use the victims as an intermediary to withdraw the funds to reduce the cost of criminal organization operations.

流感疫苗全民開打

接種疫苗減少感染機會，工作更安心！

Q1.

外國人剛入境尚未取得居留證，也能接種流感疫苗嗎？

自111年1月6日起，110年度流感疫苗接種計畫擴大接種對象，外國人即使在等待居留證核發的期間，可以拿暫發的紙本居留證或申請居留證之受理申請居留證的收據做為居留證明接種流感疫苗；惟未具健保資格者，接種處置費應由機構負擔或個案自付或由接種單位吸收。

Q2.

該如何做，才能有效對抗流感？

把握五要原則

- 要儘早施打流感疫苗
- 要保持肥皂勤洗手、咳嗽戴口罩等生活好習慣
- 要警覺流感症狀
- 生病要按時服藥多休息，不上班不上課
- 危險徵兆要儘快就醫，以有效避免感染及傳播流感

如有流感疫苗問題可以至疾病管制署網站(<https://www.cdc.gov.tw/>)查詢或逕向地方衛生局洽詢。

Flu Vaccine/ For All/

Peace of mind at work after vaccinated to reduce the possibility of infection!

Q1.

Can foreigners get vaccinated before issuance of residence visa?

With effect on 2022/01/06, the population entitled to vaccination against flu under the 2021 Scheme has been extended to foreigners in the waiting period for the issuance of a residence visa. They just need to present the temporary visa in hard copy or the receipt for processing the application of residence visa as proof to obtain vaccination. Those who are not yet qualified for the National Healthy Insurance Program may get vaccinated at the expense of individual entities, out of pocket, or by the employers concerned.

Q2.

How to effectively resist the flu ?

5 fundamental principles

- Get vaccinated as soon as possible
- Wash hands with soap, cough behind a face mask, and make it a habit in daily lives.
- Be aware of any flu symptoms.
- Take medications and sufficient bed rest when sick, do not attend class or work.
- Get medical attention as quickly as possible on detection of any sign of hazard for the effective aversion and prevention of epidemic infection.

For additional information on flu vaccination, visit the official website of CDC (at <https://www.cdc.gov.tw>), or contact the local public health authorities.

猴痘

M P O X

您需要知道的事

猴痘疫情在許多國家是進行式

- 我國自2022/6/23列猴痘為第二類法定傳染病
- 猴痘是可以預防的，潛伏期約為3-21天，大多數人約2-4週會痊癒，少數人(如孕婦、幼童、長者、嚴重免疫不全者等)感染後發生重症的可能性高
- 確診後可能造成身體極度不適或疼痛
- 雖然猴痘可以影響任何人，傳播途徑包括人傳人(親密接觸或飛沫傳播)或動物傳人，但此波疫情主要傳播途徑為人傳人，親密接觸為主，且多數病例為男性

常見症狀

- 臉部、四肢、生殖器出現不同型態的皮膚病灶
- 發燒、頭痛、精神不清
- 淋巴結腫大(頸部、腋窩、腹股溝等處)
- 肌肉及背部痠痛
- 直腸出現疼痛腫脹
- 小便時疼痛或排尿困難

猴痘傳播途徑

- 人傳人：
 - 密切接觸病患的皮膚病灶處
 - 與病患發生親密接觸之行為(口交、肛交或陰道交)
 - 接觸病患生殖器(陰莖、睾丸、陰莖及陰道)或肛門
 - 與病患進行擁抱、親吻或按摩
 - 接觸到病患呼吸道分泌物、損傷的皮膚或黏膜或被污染物品(包含衣服、床上用品、毛巾等個人物品)
- 飛沫傳播：需在長時間面對面接觸情境下較容易發生
- 母子垂直感染：可經胎盤垂直傳染給胎兒，或於產程中因接觸而傳染
- 人畜共通傳染：直接接觸感染動物的血液、體液、損傷的皮膚或黏膜而被感染或食用受感染的動物肉類

如何保護自己預防感染

- 若您符合猴痘疫苗接種對象，請接種疫苗
- 避免與不特定對象發生親密行為
- 隨時隨地注意自身狀況並檢查是否出現疑似症狀
- 如出現疑似症狀，務必佩戴口罩儘速就醫，並告訴醫師疑似猴痘接觸史、高風險場域的暴露
- 保持良好手部衛生(勤洗手、勿摸眼口鼻)
- 如家中有猴痘病患，請做好居家環境清潔及消毒
- 若前往流行地區，避免與野生動物接觸和生食肉類

猴痘疫苗

- 屬活性減毒非複製型疫苗，由於不會在哺乳類細胞內複製，可視為非活性疫苗，安全性相對高
- 我國建議接種對象包含：
 - ① 與確診猴痘個案曾性接觸之高風險接觸者
 - ② 正疫病專屬之實驗室操作人員
 - ③ 近1年有風險性行為者(例如：多重性伴侶、性交易服務者、於營業場所發生性行為者)；過去曾罹患性病；或性接觸對象有前述任一情形者
 - ④ 照顧猴痘確診個案之醫護或清潔人員、協助採檢人員或執行疫苗接種作業人員
- 接種第1劑猴痘疫苗14天後保護力才能達到4-8成，所以在14天內仍要留意避免風險行為
- 與第1劑間隔28天以上，完成第2劑疫苗接種，則可趨近於9成保護力
- 接種後的副作用包括注射部位疼痛、發紅、腫脹、全身肌肉痠痛等

任何人都可能感染或傳播猴痘，我們共同的敵人是病毒，
只要齊心協力做好預防工作，我們就能一起遏止疫情

MPOX

What you need to know

An outbreak of Mpxv is occurring in many countries

- Taiwan Centers for Disease Control (TCDC) has declared Mpxv as Category II of Notifiable Infectious Disease since June 23 2022.
- Mpxv is preventable. The incubation period of Mpxv is 3-21 days. Most people recover fully in about 2-4 weeks, but some people (for example, pregnant women, young children, elderly people, severely immunocompromised people, etc.), can get seriously ill.
- People with Mpxv might experience **serious discomfort or pain**.
- Anyone can get Mpxv. The transmission of Mpxv includes person-to-person (close contact or respiratory droplets) and animal-to-human. The most common route for transmission of Mpxv during this current outbreak is person-to-person and close contact. Adding to that, most cases are male.

Symptoms of Mpxv often include

- Different types of skin lesions on the face, extremities, and genitals
- Fever, Headache, Mental distress
- Swollen lymph nodes (neck, armpits, groin, etc.)
- Muscle and back pain
- Pain and swelling of the rectum
- Pain or difficulty when urinating.

Transmission routes for Mpxv include:

- Person-to-person:**
 - Close contact with the patient's skin lesions
 - Intimate sexual contact with a patient, including: oral, anal, or vaginal sex
 - Contact with the patient's genitals (penis, testicles, labia and vagina) or anus
 - Hugging, massaging, or kissing the patient
 - Contact with a patient's respiratory secretions, damaged skin, mucosa, or contaminated objects (including personal belongings such as clothing, bedding, or towel)
 - Respiratory droplet transmission: from prolonged face-to-face contact
 - Mother-to-child transmission: the virus might be transmitted to the fetus directly through the placenta, or through contact during delivery
- Animal-to-human:**
 - direct contact with the blood, body fluids, damaged skin, or mucosa of infected animals or having infected animals

How to protect yourself from Mpxv

- If you are eligible for a Mpxv vaccination, please get vaccinated
- Avoid intimate behaviors with multiple or strangers.
- Be aware of your own health condition at all times, check for any symptoms that look like Mpxv
- If Mpxv-like symptoms occur, wear a mask and seek medical assistance as soon as possible. Inform the healthcare provider of your Mpxv contact history or history of exposure at high-risk premises venues.
- Practice good hand hygiene (wash your hands regularly, avoid touching your eyes, nose, and mouth)
- If a member of the household has Mpxv, clean and disinfect the household environment well.
- If you travel to endemic areas, avoid contact with wild animals and eating meat that is not thoroughly cooked

Mpxv vaccine

- The vaccine is produced with live, attenuated orthopoxvirus, Modified Vaccinia Ankara (MVA). Due to the fact that the virus does not replicate in mammal cells, it can be considered as an inactivated vaccine, and is a relatively safe vaccine.
- The recommended targets for vaccination:
 - High risk contacts who have sexual partners diagnosed with Mpxv
 - Work with orthopoxviruses in a laboratory
 - Individuals who have engaged in risky sexual behavior in the past year (such as people with multiple sexual partners, who are sex workers, and those who have engaged sex at commercial venues, etc.); those who have had sexually transmitted diseases; or individuals who have a sexual partner with any of the above risks.
 - Healthcare providers or cleaning personnel caring for Mpxv cases, personnel performing diagnostic tests and vaccinations.
- The effectiveness of the Mpxv vaccine reaches 40% to 80% protection in 14 days after the vaccination. Therefore, it is suggested that people who received vaccination shall avoid high-risk behaviors within 14 days after getting vaccinated.
- The second dose should be given at least more than 4 weeks after the first dose. After the second dose, the effectiveness of the vaccine will reach approximately 90%.
- Pain, redness, and swelling where the shot was given and whole-body muscle soreness are the most common side effects of an Mpxv vaccination.

Anyone can get or spread Mpxv, and our common enemy is the virus.
If we work together on prevention, we can stop the epidemic together.

戲水安全須知

Water Safety Instructions

為配合相關水域管理機關保障民眾生命安全，呼籲大家共同提高警覺，勿輕忽水上活動安全，避免溺水悲劇意外發生，請留意以下安全事項：

In cooperation with the relevant water administration agency for the protection of public's life and safety, we would like to call for everyone's alert and not to neglect safety in water activities, which will prevent drowning and other tragedies. Please pay attention to the following safety matters:

1、評估天氣狀況，如遇颱風、大雨特報等情形，切勿冒險從事水上活動。

1. Assess the weather conditions. Do not take the risk and engage in water activities during typhoons and torrential rains.

2、選擇有救生人員值勤的水域從事水上活動，並聽從救生人員指導。

2. Choose water areas where lifeguards are available for water activities. Follow the instructions from the lifeguards.

3、不可在設有「禁止戲水（游泳）」或「水深危險」等禁制標誌的區域戲水或從事任何水上活動。

3. Do not stay in the water or engage in any water activity in regions having prohibition signs such as “Water activities (swimming) prohibited” or “Danger: Deep Water.”

4、如看到溪河上游山區烏雲密布，或溪河水流突然夾帶大量泥沙出現混濁狀態，應趕快上岸逃生，以免被暴漲的溪水所圍困而發生危險。

4.If you see the cloudy sky over the mountain from upstream river or clouded water in the river suddenly carrying massive mud, get off the water and evacuate to avoid the risk of being embattled by a sudden rise in the water.

5、從事磯釣活動應確實穿戴救生衣、釘鞋與安全帽，隨時掌握海邊風浪等級及漲、退潮時間，並注意可能忽然來襲的瘋狗浪，以免發生事故。

5.Wear lifesaving jackets, spiked shoes, and safety helmet during seashore fishing activities. Note the sea scale on the shore and the high and low tide schedule, and pay attention to the sudden attack from rogue waves to avoid accidents.

6、如發現有人溺水，應大聲呼叫請求支援，並打 118、119 向海巡單位或消防單位求援，切勿自行冒然下水施救；並察看周圍是否有救生繩、救生圈等具有浮力之物品，作為岸上施救的救生器材。

6.Shout and request for help in case anyone drowns. Call 118 or 119 to request help from coast patrol departments or fire safety departments. Do not go into the water to rescue the drowning person. Check around to see if there is any item with buoyance such as the lifeline and lifebuoy, which can be used as a life-saving device for rescue from the shore.

當您戲水時能依上列注意事項於下水前多一份準備，做好水域確認及安全防護等相關工作，才能盡情享受各項水域活動，「快快樂樂戲水，平平安安回家」。

You will fully enjoy water activities when you prepare by the aforementioned instructions, and verify water safety and protection. "Have fun and stay safe in the water."
